Thank you for letting Doug be a part of my childhood and for all the great times that will be with me and the friends and family I share them with.. He was a good friend and fellow rider Knowing him has left us with many smiles and loosing him is a great loss to all.. It will be difficult to imagine life without him here, but I know he is having a huge party in heaven right now.. I can truly say if there is a better place after life Doug will surely make an impression on it.

I just wanted to let you both know how much Dougs friendship had meant to me growing up.

Mrs Johnson, I would like to express my deepest sympathy to you both on the loss of Douglas.

I am pretty sure that God has a Harley collection and Doug is the shop keeper.. And seeing there friendships develop into memories that will last them a lifetime.. I have often thought of the great times we had together from shooting poker chips in the basement to spearing pike in the ditches.. He had alot more to do in life but God had bigger plans May he rest in peace with the sound of a Harley that runsDont worry Dougo,were gonna get the bike running for you by Saturday:) Well miss you buddyfriendGOD BLESS.. Even though we have not seen or heard from each other in years the thoughts and reflections have been there.
